Cat. No. SB-805, 6 1/2" Carborundum Abrasive Masonry Blade (Also fits JS-812)

CRAIN 775 TOE KICK SAW This model has a safety clutch mechanism to reduce kickback. Cuts flush to the inner wall of a toe space in a cabinet or counter to remove old underlayment. Depth of cut 3/4". Supplied with the SB-787 large 3 3/8" carbide tipped blade and carrying case.

Cat. No. TK-775, Wt 14

Replacement Blades for Crain 775 & 795 Toe Kicks

Cat. No. SB-787, 3 3/8" 18-Tooth Carbide Tipped Repl. Blade
Cat. No. SB-788, 2 3/4" 16-Tooth Carbide Tipped Blade (Not for TK-775)
Cat. No. SB-789, 2 5/8" Diamond Grit Blade

LIGHT DUTY CRAIN 575 MULTI-UNDERCUT SAW This compact, 8 AMP undercut saw works best for fast undercutting of door jambs. It can also undercut along walls, at inside corner areas, or beneath toe spaces. Height of cut is adjustable from flush to one inch above floor level. Cuts to maximum depth of 1 1/4". Dual-angle depth gauge allows cutting at "straight on" or 45° angles to the wall. Visual depth gauge scale provides precision depth control at 1/8" increments. Handle folds down for undercutting beneath toe spaces. Comes with carbide blade, carrying case, blade wrench, and instructions. Operates on std 120 VAC at 8 amps. **Cat. No. US-575** Wt 11 lb.

Replacement blade: **Cat. No. 556** Carbide-Tipped Blade only

CRAIN 835 HEAVY DUTY UNDERCUT SAW The new No. 835 replaces the 825, and has a larger 13 amp motor for better performance on big undercutting jobs. This saw comes with the new No. 836 6 1/2" Carbide-Tipped Blade for wood undercutting, which provides improved flatness and greater cutting efficiency, and can undercut doors in place. Undercuts most everywhere including inside corners. Also comes with one No. 805 Masonry Blade for undercutting hearths, a carrying case, a hex blade wrench, and instructions. A diamond blade (No. 822) is available for undercutting tile and stone, sold separately. The powerful 13 AMP motor is geared to produce more torque at a lower RPM, and also throws less dust. Volts – 120, amps – 13.

Dust port can be attached to a vacuum (not included) for dust collection.

Cat. No. US-835 Wt 22.50 lb.

Accessory/Replacement Blades:

Cat. No. SB-836, 6 1/2" 40-Tooth Carbide Tipped Repl. Blade
Cat. No. SB-822, 6 1/2" Diamond Grit Blade
Cat. No. SB-805, 6 1/2" Carborundum Abrasive Masonry Blade

CRAIN 995 DELUXE FLAMELESS HEAT GUN Powerful 1500-watt professional type. This high quality gun has a high-speed universal motor that blows instant hot air up to 1000°F.
